

SPLendid CHRISTIAN WOMAN DEAD

God in His wisdom took from us last week one of the finest Christian women in our county in the person of Mrs. Martha Henry. Mrs. Henry was 83 years and her death was due to the infirmities incident to her advanced age. She had been a member of the Somerset Christian church for many, many years and was a true Christian woman who lived what she professed to be—a follower of Christ. The excellent example she set and the lessons she taught is exemplified in the lives of her children, nine of whom survive as follows: J. Harve, W. D., D. P., Joe M., Mrs. Edith Flanders, Mrs. J. K. Denton, Mrs. G. W. Tout, and Miss Mollie, all of this county, and Mrs. Bettie Wilson, of Missouri. She is also survived by one brother, Mr. J. T. Highland, of this county and one sister, Mrs. Leo Games, of this city.

Funeral services were conducted by Rev. B. W. Trimble at her late home Saturday morning at 11 o'clock with burial at the family burying ground. We extend our sympathy to the bereaved family.

RETURNS TO THIS CITY

Mr. James O'Connell, who has been conducting a shoe factory at Jenkins, Ky., has sold his interests there and returned to this city to make his future home. Mr. I. F. Tabb is having a new front put in the store room formerly occupied by Mr. O'Connell and as soon as Mr. O'Connell can get his machinery erected, etc., he will be glad to see his friends and customers again in his old quarters. We welcome this excellent gentleman home again.

CHILD DIES

Florence Amelia Drake, the four months old daughter of Mr. and Mrs. R. H. Drake, died at the home of her parents at Parkersburg, W. Va., last week of indigestion. The child had been sick but a short time. The sorrowing parents have the sympathy of many friends in this city, where Mrs. Drake (nee Miss Amelia Warren, daughter of Mr. and Mrs. Frank Warren), formerly resided.

MISS M'KEE WEDS MR. S. L. TAYLOR

Prominent Montgomery County Woman Married in Cincinnati Monday.

Friends and relatives throughout this section of the State will be interested in the announcement of the marriage of Miss Blanche McKee, of this county, to Mr. Samuel L. Taylor, of Cincinnati, Ohio. The marriage took place at Cincinnati Monday.

The bride, a young woman of exceptional charm, is a niece of Judge H. Clay McKee and a daughter of a well known family throughout the State. Mr. Taylor, who is a retired manufacturer, is a man of distinguished ancestry, being a direct descendant of Lord Baltimore, Governor of Maryland, in the days before the Revolution. He is also a cousin of ex-President Taft.

The couple have gone on a very interesting honeymoon first to White Sulphur Springs, Va., from where they will take a hunting trip on the game preserves of the Alleghany Sportsmen Association. We join many friends in wishing them a long life, happiness and prosperity.

DIES AT MILLERSBURG

Mr. John J. Peed, brother-in-law of Mr. I. F. Tabb and Mrs. Fred W. Bassett, died at his home in Millersburg Monday morning of brights disease. Mr. Peed was a member of the well known firm of Peed & McClintock, mule buyers, and was quite popular in this section where he had a host of friends. He is survived by two daughters, Miss Carrie Peed, of Millersburg, and Miss Dorothy Peed, of Birmingham, Ala. The funeral was held at Millersburg Tuesday and was attended by Mr. and Mrs. I. F. Tabb, Mr. and Mrs. Fred W. Bassett and Mr. A. Tabb Bassett, of this city.

SPECIAL REGISTRATION

Next Monday, Tuesday and Wednesday will be special registration days for those who on account of sickness or being out of the city were unable to register on the regular registration day.

VOTE DEMOCRATS

A vote for the Democratic nominees is a vote for the policies of President Woodrow Wilson.

WETS GET FIRST BLOOD

Judge W. O. Chenault Refuses to Permit Election Certificates Recorded.

County Court Clerk Keller Greene, presented in open court Monday, the certificates from the County Board of Election Commissioners showing the result, in the recent local option elections, as is required by law and Mr. John G. Winn, of counsel for the "drys" moved the court to order the certificate in the county election recorded. This, Judge Chenault, ordered done. A few minutes later Judge Lewis Apperson, of counsel for the "wets" appeared and strenuously objected to the court's ruling, contending that under the statutes when a contest is filed the certificate cannot be recorded pending the contest. Court took a recess until 2:30 o'clock and at that hour, after hearing the arguments of counsel, the Judge rescinded his former ruling and over-ruled Mr. Winn's motion, to which ruling exception was saved by the temperance folks.

The new Local Option Law provides that the law shall become operative "sixty days from the date of the entry of the certificate." The net result therefore is that the sixty days will begin to run from Nov. 2nd., (the day the Contest Board Meets), and not from Monday.

The answer to the petition of the "wets" was filed Tuesday afternoon by Mr. J. G. Winn, attorney for the "drys."

MYERS-BLOUNT

Mr. Rufus Blount and Miss Leetta Myers, both of Moorefield, Nicholas county, were married at Maysville Wednesday of last week. The bride is Postmistress at Moorefield and is a daughter of Mr. and Mrs. S. E. Myers and has many friends in this city where she has frequently visited the family of her aunt, Mrs. P. B. Turner, who extend hearty congratulations.

DULL COUNTY COURT DAY

Plenty of Cattle, Horses and Mules on Market but are Off in Price.

Big run of cattle, all the pens full and still a lot of cattle left in the country. The pens held between 5,000 and 6,000 head. Trade was slow and prices off from 50 to 75 cents on the hundred. The best steers sold at 7 cents, but a number of good cattle sold below that figure. Yearlings at \$6.50 to \$7.25. Some extra ones topping the market. Heifers at \$5.50 to \$6.25. Cows at \$5 to \$5.50. Canners at 4 cents and were the highest price stuff sold. Bulls at 5 to 5½ cents. Good crowd at the pens, but the traders were slow to take the reduced prices and it made slow sales—a few buyers present from Ohio. We caught some sales before noon but left the pens at that time.

SALES

Thos. Perry sold 11 900 lb. steers to Chas. Duff at 7 cents; Chas. Duff sold 10 600 lb. steers to Mr. May at 7 cents; Albert Oscar sold 4 600 lb. heifers to Luther Hamilton at 6½ cents; Clay Murphy sold 10 670 lb. heifers to A. L. Kerns, of Carlisle at 6 cents; Chas. M. Brown sold 9 500 lb. steers at \$7.25; Stacord Bros. sold 14 900 lb. steers to D. T. Railsback, of Clark county, at 7 cents; I. C. Ferguson sold 10 800 lb. cows to Chas. Rose, of Clark county, at 4 cents; Mike Wilson sold 10 950 lb. steers to D. T. Railsback, Clark county, at \$6.75; Oscar Chandler sold 24 900 lb. steers to L. W. Lee, of Fleming county, at 7 cents; John Baker sold 11 525 lb. yearlings to Isom Osborn at \$7.25. They were good ones. Murphy & Co. sold a bunch of 500 lb. yearlings to Younger Morris, of Madison county, at 7 cents; Kelly Murphy sold 16 750 lb. steers to A. R. Evans, of Sharpshurg, at 7 cents; Allen & Nichols sold 12 600 lb. heifers to A. L. Kerns at 6 cents; Carl Trimble sold 17 900 lb. steers to Jesse Highland at 7 cents; J. D. Allen sold 27 800 lb. steers to Breck Jeffries at 7 cents; Albert Atkinson sold a bunch of 800 lb. steers to Mr. Secrest, of Ohio, at \$6.40; Mr. Secrest bought two carloads at from 6½ to 7 cents.

HORSES AND MULES.

The mule trade was about as dead as we have ever seen it on this market. There seemed to be nothing at all doing. We asked several persons with suckling mules about sales and they said there was from \$20 to \$25 between asking price and what they were offered. Horses were also dull with very few sales.

REVIVAL CLOSED TUESDAY NIGHT

The revival meeting conducted by Rev. Sid. Williams, of San Antonio, Texas, at the Baptist church, closed Tuesday night. Mr. Williams is a splendid evangelist and has done a good work here. Thirty-five people joined the church since he began the revival. Mr. Brown, who had charge of the music is a splendid musician and his singing and playing on the harp has added much to the services. Messrs. Williams and Brown left this morning for Lexington where they will conduct a revival. During their stay here they made many friends.

Miss Douglas made eight starts while out and won two races, was second twice and third twice, outside twice. One of the resolutions at the recent State Convention was to inaugurate a campaign for State-wide prohibition at once. Mrs. Ed. Reis and Mrs. Thomas Heinrich were the official delegates to the Convention, and will give a full report at the next regular meeting which meets with Mrs. H. M. Bishop on Sycamore street. The officers are Mrs. Hoffman Wood, president; Mrs. John Scott, vice-president; Mrs. B. W. Well Known Lexington Carpenter Tells of the Good Results Obtained By Use of Andes Medicines

Yesterday, the first day of the Great Andes in Lexington brought a number of callers, and among them was a well known carpenter, Mr. M. B. Mays of 458 Michigan street. He says:

"As soon as I read in the papers that the Andes Medicines were to be sold in Lexington I was determined to have more of them. While working in Youngstown, Ohio, I had a severe case of sickness and the Andes Medicines are what put me on my feet again. I am only able to get a bottle of Oil today, but will have some of the Prescription by the last of the week. One morning shortly after Christmas holidays I awoke with a terrible headache. I used ordinary home remedies, but they failed to help. I took to my bed and the same day every bone in my body seemed to ache, my appetite left me and my head seemed to be bursting. I then called a physician and he pronounced my ailment a severe attack of la grippe. He prescribed for me and after taking his medicine I seemed to improve. After a week I was able to move around and do light work, but I felt occasional pains in my lower limbs. I supposed

this was the result of la grippe and did not pay much attention to it until I noticed a swelling appear around my knee and ankles. This alarmed me and I again called the doctor. He pronounced it Inflammatory Rheumatism, and he was right. What tortures I then had I cannot explain and nothing seemed able to help me. I sent to Brooklyn, N. Y., for a special treatment that cost me \$10, but the treatment did not even relieve me. My brother begged me several times to send for Andes Medicines but I was so disgusted with all medicines that I refused to try them. One day a neighbor called on me and stated that these same Andes Medicines had cured her husband of Rheumatism. I knew how he had also suffered for a long time, so I sent for him and he corroborated what his wife had said, then I decided to try it. My brother obtained the Remedies. They cost him \$3. I followed directions in taking them and we all watched results with much interest. In a week I noticed the swelling was gone and, although my pain was not so severe as formerly, still I could not use my limbs to walk

around, but after two weeks I was able to hobble around the room. I continued to improve and inside of three weeks was able to walk some distance. It is really wonderful to think that Andes' Prescription and Oil cured me in five weeks, yet such is the fact and I am ready to prove it."

The Health Teacher was much pleased to receive this testimonial, as inflammatory rheumatism is known to be very hard to cure and this case proves what the Health Teacher has said right along, namely: That typhoid and la grippe are invariably followed by some other complaint. Andes' Prescription cleanses the system of all poisons, purifies and strengthens. Sufferers from rheumatism, catarrh, constipation, indigestion, kidney, liver, stomach or blood troubles should at least try these remedies.

Thousands of people have obtained good results from them. Then why not do as others have done and are doing. Call at the Mt. Sterling Drug Co., today and purchase a bottle of Andes' Prescription and Oil, it will do you more good than anything you have ever used.

THINK THIS OVER

MR. VOTER!

Do you want to return the Republican party to power and reinstate Cannonism? You know that will happen if the Republicans elect the next House.

Do you want to repeal the Underwood Tariff Bill and substitute the Payne-Aldrich Law?

Do you want to repeal the New Currency System and turn your Fiscal affairs back to Wall Street to manage for you again?

Do you think the Anti-Trust Legislation ought to be repealed and the Morgan-Rockefeller combination once more given a free hand?

Are you dissatisfied with the Income Tax Law that saves you a hundred millions a year in your taxes?

Do you not believe that the United States Senators ought to be elected by the people?

Are you anxious to repeal the Parcel Post Law and go back to the Express Companies that robbed you for years with excessive charges?

Is the old Soldier satisfied with the Sherwood Pension Law?

Does he want to trust the Republican party to legislate for him that disappointed him for fourteen years?

Does the Spanish-American soldier have any complaint of a Democratic Congress that provided a pension for his wife and minor children if he should be taken from his family?

Is Union Labor willing to repudiate the party that protected it with Legislation and return a deaf ear to its appeal? If you are satisfied with this Progressive Legislation uphold the hands of our great President by voting the Straight Democratic Ticket.

A Fair Proposition.

The manufacturers of Meritol Rheumatism Powders have so much confidence in this preparation that they authorize us to sell them to you on a positive guarantee to give you relief in all cases of rheumatism or refund your money. This is certainly a fair proposition. Let us show them to you. Price 50 cents.

WILSON AND LINCOLN

Woodrow Wilson is Abraham Lincoln with educational advantages—born and bred in a different environment. The same primitive virtues, refined and set in order; the same directness, sincerity and tenacity of purpose; the same self-forgetfulness in thought for the country. Lincoln's exterior characteristics were picturesque because back of them lived the man. It is idle to contend that had the rail-splitter done his sums on a blackboard in a well-appointed schoolroom instead of on the back of a fire shovel in the flickering light of a back log, it would have been a disadvantage. His life among backwoodsmen and frontiersmen gave him insight to the character of the more primitive man, the foundation strength of a new and expanding country. Missing this, except by study, imagination, feeling, Woodrow Wilson knows the men of the world. In neither instance was environment, education of opposite kind, able to keep back development. The quality of manhood itself is identical.—San Francisco Star.

ALWAYS ON THE JOB

My job I know, can be done best only if I devote my whole thought and attention to it and think of nothing but the duties of the hour. I am not at liberty, and shall not be, so far as I can see, to turn away from those duties to undertake any kind of political canvass.—President Wilson.

MOTHER SUPERIOR ROSARY HILL HOME

**Tells How Vinol Restores
Strength and Vitality to the
Weak, Worn-Out Ones in
Her Charge.**

Rosary Hill Home, Hawthorne, N. Y.
"I have been at work among the sick
and poor for nearly eighteen years, and
whenever I have used Vinol for run-
down, weak or emaciated patients, they
have been visibly benefited by it. One
patient, a young woman, was so weak
and ill she could hardly creep to my door
for aid, and was leaning on a friend's
arm. I supplied Vinol to her liberally
and in a month when she returned to
thank me I hardly recognized her. She
was strong, her color charming and her
cheeks rounded out. These words are
uttered from my heart, in order that
more people may know about Vinol, as
there is nothing makes me happier in
the world than to relieve the sick."
Mother M. ALPHONSA LATROP, O.S.D.,
Hawthorne, N. Y.

Such disinterested and reliable testi-
mony should convince everyone of the
merits of Vinol, our delicious cod liver

strength for all weakened and nervous
conditions, whether caused from over-
work, worry or chronic coughs and colds.
If Vinol fails to benefit we return your
money.

THE PRESIDENT

The American people are proud
of the manner in which the Presi-
dent has sustained the dignity
and prestige of the United States
during the troublous times
succeeding the outbreak of the
European war.

This mighty, free, democratic
nation, peopled by men who pos-
sess full individual and political
rights, with absolute freedom of
opinion and with intelligence to
form a correct opinion, is the only
nation of the first rank in the
world that is not involved in war.
It is on friendly terms with all
nations, and wishes to retain their
friendship.

The President has interpreted
to foreign nations the true spirit
of the United States. He has
made plain to them the desire of
this nation to maintain a policy
of strict neutrality and impartial
friendship, while guarding its
own rights. He has shown that
this nation intends to adhere
scrupulously to its ancient rule of
refraining from participating in
the politics of Europe. He has
strived to make clear the fact
that the United States will con-
tinue its independent course; that
it seeks no advantage at the ex-
pense of the nations now at war,
and that it stands ready and
anxious to use its friendly offices
in behalf of peace among them
all.

The real greatness of the na-
tion has been reflected by the
words and attitude of the Presi-
dent. His own achievements in
behalf of the maintenance of
peace between the United States
and Mexico add weight to his ut-
terances. The good faith of the
United States as an advocate of
world peace is not and cannot
fairly be impugned. It is also ap-
parent to the world that this na-
tion is absolutely free from in-
trigue or double-dealing in its re-
lations with other countries. It
has no allies, it has no secret en-
tentes, it is not playing one na-
tion against another. It stands
apart, upheld by its own inde-
pendence, its free manhood, and
its boundless strength. Its will
is expressed by intelligent opin-
ion, not by shot and shell. It
has no ambitions which clash
with the peaceful ambitions of
any other nation. It profits most
when other nations are peaceful
and prosperous.

Americans are justly proud of
the majestic figure of the United
States, looming up above the
world's battle clouds, serene in its
own might, with good will in its
heart toward every nation. They
are grateful to the President for
the great and simple dignity with
which he has maintained the
time-honored rule of Jefferson—
"Peace, commerce and honest
friendship with all nations, en-
tangling alliances with none."

A PROPHECY FULFILLED.

On August 27, 1913, nearly a
year before Dictator Huerta's
retirement cleared the way for a
settlement in Mexico, President
Wilson said in an address to
Congress:

"The steady pressure of moral
force will before many days
break the barriers of pride and
prejudice down, and we shall
triumph as Mexico's friends
sooner than we could triumph
as her enemies—and how much
more handsomely, with how
much more higher and finer sat-
isfactions of conscience and of
honor."

The teachers of the City Schools are canvassing the city for the purpose of ascertaining the number of homes which will be available for the entertainment of the visiting teachers and trustees who will attend the Ninth District Educational Association which will meet here in November. It is estimated that there will be about six hundred visitors here for three days which will mean an expenditure of not less than one thousand dollars a day on their part, to say nothing of the value to the city of having a meeting of this character in its midst.

It is hoped that the residents of Mt. Sterling will show their interest in educational affairs and willingness to help in this great work by agreeing to board as many of the visitors as they can possibly accommodate. All will pay whatever rate is decided upon and no one will ask, or expect, free board and lodging.

It is worth while for Louisville and other cities to expend large sums of money in order to secure conventions, Mt. Sterling should be glad of the opportunity to entertain such a gathering as the one in question and we hope that practically all of the homes in the city will be thrown open and that true Kentucky hospitality will be in evidence throughout this meeting.

Sustain the President.

On several pages of this issue we are reproducing a number of articles from various newspapers throughout the country, many of whom do not agree politically with our distinguished President, yet all concede him to be the greatest Chief Executive since the immortal Lincoln.

We do this in the hope that our readers will give these articles the careful consideration they deserve, believing that it will enable our voters to more fully realize that never in the history of the state has such an opportunity been presented to them. No man who loves his country will, in these trying days let anything prevent him from discharging his duty. Not to sustain him now is little short of treason and the only way one can give him a vote of confidence is by casting the straight Democratic ticket on Tuesday, November 3rd.

It should also be kept in mind that if our President is to continue his program of reform he must have behind him a Democratic Senate and a Democratic

Congress. Kentucky, in our judgment, will give this vote of confidence and we sincerely hope that old Montgomery will not fail to do her part.

Would be Fatal Mistake.

Lieutenant Governor Cox drew nearly \$5,000 from the State Treasury for services rendered the State as Governor while Governor Willson was gallivanting over the country making speeches at college banquets and otherwise enjoying himself. He wasted more time and rendered less service for his salary than any Governor that ever occupied the Executive chair. Willson was such a monumental failure as Governor that his audacity in seeking the Senatorship is meeting with ridicule in every quarter. He is not an orator, a Statesman or a thinker. His ignorance of public questions is remarkable. He has no claim on the favor of the public except his vanity which finds expression in his belief that he is fitted for this high office. He became Governor through Democratic dissension and he is foolish enough to believe that he can again profit by division in Democratic ranks. The election of Willson would be a fatal mistake, and there is small danger that Kentucky will stand for such a blunder.—Glasgow Times.

O'Rear Not For Willson.

If what Judge E. C. O'Rear, formerly of the Court of Appeals, and Republican nominee for Governor against Governor McCreary, has to say about Gus Willson could be printed, it would make very lively reading. He has neither confidence nor respect for the ex-Governor and is only awaiting an opportunity to expose him. The basis for his dislike is said to be the disloyalty of Willson during the last campaign, when he never turned a hand to help the party nominee. Vigorous efforts have been made to get Judge O'Rear to take the stump for Willson, but if he does make any speeches they will not be in favor of the oleaginous and uncertain Gus, whose opportunity with the Republican leaders is giving his party managers much concern.—Lebanon Enterprise.

Should Win on Record.

Measured by deeds of efficiency, actually performed, Gov. J. C. W. Beckham is entitled to the hearty supports of all Democrats, and likewise that of all other progressive citizens who love their State and appreciate cardinal virtues in public servants.

All that need be considered by the voters of Kentucky to determine the question of whom to elect is the official record of both men—Franklin Favorite.

Augustus E. Willson, Republican nominee for Senator, has called in Fairbanks, of Indiana, to help him—to try to help him, we mean. It is the old story of the drowning man grabbing, etc.—Owensboro Messenger.

If you are a Democrat every day in the year, except on November election day, then you are no Democrat at all.—Glasgow Times.

A GREAT PRESIDENT

The United States has a President who refuses to leave his work to take part in the Congressional campaign because of the situation brought on by the European war.

Thus once more the country is made to realize that Woodrow Wilson is a man to whom the good of the nation over which he has been called to preside is the first and overwhelming consideration. A man who, as chief executive of this great nation, wrote his message to the warring powers in which he tendered his good offices to them for the settlement of their difficulties, at the side of his dying wife, is the kind of man from whom such a course is to be expected. But it raises still more in the esteem of his fellow-citizens, nevertheless.

From all over the country and from widely differing sources there comes a strong, emphatic and continually greater expression of satisfaction that our country has a man like him for President now.

The confidence reposed in him by the nation when it elected him chief magistrate has grown since he has been in office. The public has found that he has justified, and more than justified, its confidence, and he is today stronger with the public than ever before, notwithstanding the fact that he has been through some difficult and trying experiences as President. The success of his Mexican policy alone, a policy followed in spite of criticism, calumny and ridicule, has given him the support of hundreds of thousands of voters.

The country has a President of whom it is proud and in whom it trusts.—Schenectady Gazette.

A RECORD WHICH SPEAKS FOR ITSELF

It is evident that the foreign war has thrown upon the Chief Executive an extraordinary weight of duties which will leave him no time to take any part in the coming Congressional campaign.

That campaign from the Democratic side calls for no such effort. The record made is one which speaks for itself. To have reformed the tariff, to have lightened the burden of taxation on the consumption of the masses, to have reformed the currency and banking, to have restored the nation's regard for the sanctity of treaties in the Panama Canal tolls legislation, to have cleared up the debatable ground around the anti-trust laws, to have opened the way for the restoration of the American merchant marine—these are among the acts of this Sixty-third Congress to date which make the President understate rather than overstate the truth when he says that it has been "more fruitful in important legislation of permanent usefulness to the country than any other session of Congress within the memory of the active public men of our generation."

The plan calls for no pretense. It only calls for a "plain statement of things actually done."—New York World.

"THANK GOD WE HAVE A PRESIDENT"

We like to feel that President Wilson expresses in his own personality the good genius of this country.

The President's service to the nation within the past few months has been sufficient to make an entire four-year term notable.

War with Mexico has been averted through patient statecraft that persisted despite criticism, abuse and lack of faith.

A strike of trainmen on ninety-eight Western railroads has been prevented by the agreement of the contending parties to arbitrate. This strike would have been a catastrophe at any time; in view of other complications, it would have been immeasurably worse at this time. Credit must be given to the men and the managers for agreeing to get together, but this was not brought about until the President had entered the negotiations.

The placing of American business conditions upon a basis where the European disorders can affect them little if at all was at the instance of and with the cooperation of the Administration, which is also to be credited with fathering a currency law that will prove most efficient in the present situation.

In the last three or four months it would have been distressingly easy for a Presidential blunderer to embroil or embarrass the United States. We have come through with credit and clean of unworthy compromises or entangling alliances.

Thank God we have a President!—Minneapolis News.

BIG VERDICT UPHELD

The Court of Appeals last week affirmed the judgment of \$19,011.00 rendered sometime ago in the Montgomery Circuit Court in the case of Mrs. Addie Kelly, Administratrix of M. S. Kelly, deceased, vs. The Chesapeake & Ohio Railway Company. This is the first verdict rendered in Kentucky under what is known as the new United States Employers' Liability Act and the railroad will at once appeal the case to the United States Supreme Court.

The tragic death of Mr. Kelly, which occurred some months ago near Aden, Ky., was a great shock to this community, he having been one of our most substantial and highly respected citizens. His death, it was claimed by his Administratrix to have been due to the use of the ball driver and rigid truck engine, a type not suited to present day needs.

The future progress of the case will be watched with interest here.

WITH WILSON AT THE HEAD—SAFETY!

With President Wilson at the head of this nation and Secretary Bryan at his right hand, there is little danger that we shall become involved in the great war. Things are bound as hostilities proceed which will inflame the jingo spirit in this country and those who mistake wise patience and love of peace for cowardice will scream for revenge for some real or fancied grievance. But the men who guide our national destinies have shown by their admirable conduct of our Mexican relations that they are not to be influenced by the outcries of the unthinking and the excitable.—Ohio Journal (Rep.)

ROLLER WINS MATCH

Several weeks ago in this city Dr. B. F. Roller, the wrestler, of Chicago, was forced to give up to his opponent, Jack Stone, of Louisville, owing to an injury to his shoulder. In their match at Richmond, Va., last week the tables were turned and Stone was forced to quit after he had injured his shoulder. Turn about is fair play isn't it?

HIGH SCHOOL NEWS.

Athletics.

(Russell DeHaven.)

On Friday afternoon of last week the Mt. Sterling High School foot-ball team was defeated by Paris High School by the slight score of 6 to 0. The game was desperately fought from the first. Though the locals threatened the visitors goal line many times, they were unable to score. The visitors gained ground by end runs, while Nesbitt of the locals proved a good ground gainer through the visitors line. The game showed the necessity of "rough practice" and thus a scrub team was organized and will the varsity a practice game every afternoon at the Fair Grounds. The loss of the game to Paris did not discourage the locals as they made a fine showing against a team which outweighed them 10 pounds to the man, and they will work that much harder in preparation for the coming games on their schedule.

Literary Societies.

(Howard VanAntwerp.)

The following is the program for the "Purple and Old Gold Literary Society" for Friday afternoon, October 23rd:

Critic—Tom Prewitt.
This promises to be an interesting and instructive program. All the meetings of the Society are open meetings and visitors are always welcome.

The officers of the "Purple and Old Gold Literary Society" are: President, Russell DeHaven; Vice President, Elizabeth McCoun; Secretary, Anna Sewell; Treasurer, Loraine Caton. Under the efficient direction of these officers, this could not but be a good year for the Society.

Miscellaneous.

(Julia Rodman)

"It never rains but it pours." Last Tuesday's Chapel exercises were the most interesting of the year. The Rev. Mr. Sid. Williams was present and made a short talk to the student body. His remarks were very instructive. Mr. Brown, who is conducting the singing at the Baptist revival, played and sang several numbers. The "Irish Jubilee" song was very fine, and delighted all who heard it. Miss Ferguson also rendered two selections which were greatly enjoyed. Miss Tipton, who was pianist for the High School for several years, was present and kindly played the accompaniment for her. We regret very much that her removal to Lexington prevents her being with us this year.

The enrollment this year is the largest in the history of the Public School. The following statistical report may be of interest: Number enrolled to date, 219 boys, 261 girls, total, 480; Average attendance for September, 207 boys, 239 girls, total, 446; Percentage of attendance based on enrollment, boys 94.5, girls, 91.5, average, 93; Number of tardy marks, boys 31, girls 31, total 62; Possible number of tardy marks to be made during one month, 17,840.

BUY A BALE OF COTTON

Dr. W. R. Thompson has suggested that the Business Men's Club of this city follow the lead of other commercial clubs over the United States and buy a bale of cotton. It is a splendid suggestion and one worthy of the consideration of the organization.

OWN YOUR OWN HOME

No man who has the opportunity should fail to acquire title to the property in which he is to reside. Until one owns his own home, his life is not as complete as it should be.

Even if a man must go in debt to secure his home, it is the thing for him to do. Paying for a home is as good a game as one can engage in, and the difficulties attending it but lend zest to the struggle. Those who enter the lists almost invariably come out better for the effort.

Really, the chances taken are not formidable. In almost any city, purchase of real estate at a fair valuation is a good business investment. Land values are going up all the while and they will continue to go up for years.

If there did not exist the commercial argument in favor of owning one's home, there would be plenty of other reasons for recommending it. Some one has remarked that it is like reaching the state of parenthood. When one acquires a home he has something worth living for—fighting for. It makes him a better citizen and a better member of society. It gives him a substantial interest in the great organization known as government.

And while it increases a man's sense of obligation to society and his country, it gives him a new sort of freedom. In his own home a man feels at liberty to do things he does not feel like doing in

the homes of others. He expands and develops his energy. Perhaps he establishes a talent for mechanics. Perhaps he makes a garden and satisfies an inherent longing to dig and plant. He may become an inventor or a successful grower of plant life, but he can have the fun and satisfaction of trying without feeling that he is imposing on someone else. If he wants to have a work-bench in the cellar or tear up the lawn for his experiments in gardening, it is his own business.

It costs money to keep up a home, but what of that? It costs money to enjoy any of the pleasures of life, and there is nothing

that gives so big a return for the expenditure as does an abode wherein one can exercise his own will. No other possession he may acquire ever means quite so much to a man as does this first home.

The average boy of today who wishes to obtain a liberal education has a better chance by a hundredfold than had Daniel Webster or James A. Garfield. There is scarcely one in good health who reads these lines but can be assured that if he will he may. Here, as elsewhere, the will can usually find the way, and never before were there so many avenues of resource open to the strong will, the inflexible purpose, as there are today.
